Meeting summary

For each team meeting provide the date, time, and location of the meeting. Indicate which members attended the meeting and action items discussed in the meeting.

Sunday (10/31/21): Since we did meet on Wednesday due to conflicting schedules, we decided on a longer meet for Sunday. We met in the ERC, however, Michael Prevost was unable to attend due to some last-minute duties. We worked on the components needed for the design document and presentation for next week. We worked on the class diagrams, sequence diagrams, architecture diagrams, and lastly, database diagrams. After which, we completed the weekly reports to end the meeting for the week.
