

Team Name: PiercePrevostSinghManley

Report Number: 11

Reporting Week: 11

Summary of work completed in prior week:

We completed our design document and sequence diagrams. The recipe page was completed, and work on the team website was initialized. The database tables in MySQL were also created. The other pages for the RecipeBuddy website were created.

Summary of work planned for next week:

Finishing team website, continuing to work on refining the front-end, and potentially beginning work on the back-end. Learn how to use Javascript in conjunction with Django to send and retrieve data from the databases.

Open issues and action plan to resolve them:

N/A

Project management summary:

Team member	Tasks completed	Hours worked for week	Total hours
Michael Prevost	Worked on the profile page Worked on the My Recipes page Worked on the Pantry page Finalized design document	3	25
Randeep Singh	Finished recipe page Began work on the team website Finalized design document	3	26
Taylor Manley	Created MySQL databases Finalized design document	2	22
Michael Pierce	Finished sequence diagrams Finalized design document	2	23

Meeting summary:

Sunday (11/14/21): We met this day in the ERC at noon. Michael Prevost was unable to attend due to C.U.B elections, however, he did update the team regarding the project. We took a final look at the design document and made any final changes as required. We also worked on the weekly reports.
